Mr.William W. Champion
45 Grove Street
New York City

Dear Mr. Champion:

This morning I had a talk with Miss Gaines of the Museum of the American Indian, and told her about your call. She was much interested in what I was able to tell her about you and suggested that I request you to communicate with her by telephone (Audubon 7480) and arrange an appointment. I sincerely hope that this may develop into an opening into which you will fit, and should you desire to find rooming quarters in this neighborhood, I may be able to aid you by referring you to the people with whom I stayed before I moved to New Jersey.

With cordial wishes for your success, I beg to subscribe myself,

Very sincerely yours,

Secretary.
